Circular for Classes Nursery to XII

Dear Parent
Greetings!

Discipline is the bridge between goals and accomplishment :- Jim Rohn

Discipline is an important virtue. It refers to orderliness in life which results from our adherence to certain code of conduct prepared for the benefit of the students. It is an apt saying that Life without discipline is just like a ship without a rudder. Discipline is applied in all walks of life. It is essential for children at home and for students in school. It is absolutely essential for success in life.

The school is taking adequate measures to inculcate the habit of discipline and proper turn out in our students. The students are also being counselled number of times to abide by the rules and regulations of the school. To intensify adherence towards the rules the defaulters will pay a fine of ₹50/- for not obeying the laid down rules and regulations. The collected amount will be utilized for a social cause. The students themselves will visit any community centre for eg. Old Age Home, Orphanage, NGO's, Blind Schools etc. and will contribute to the cause.

We seek your cooperation in making our children more disciplined and organized as the school firmly believes that success is nothing more than a few simple disciplines, practiced every day.

Regards

Principal

Dr. Kavita Sharma
