Date: 20.08.18

Dear Parent

Greetings!

We Goenkans believe that the education of a child should be beyond academic knowledge. The students need to be taught important life skills for their overall development. As educators, we believe that incorporating empathy into instruction can have positive results for the immediate classroom settings, as well as for the community as a whole. We request you to encourage your ward to participate in life skills activities that will help in inculcating a sense of empathy and sympathy in them.

Keeping this in mind, the school has collaborated with Goonj – an NGO for extending a helping hand to the people affected by the incessant rain and flood in Kerela.

You are requested to contribute toward the cause.

| | |
|-----------------|--|
| Nursery and K.G | Children clothing, sarees , towels etc. |
