

## GD GOENKA SCHOOL, INDIRAPURAM

GDGPS/IP/2023-24/ ACA-104

Date:30th October, 2023

### PARENT ADVISORY

Dear Parents  
Greetings!

The health and well-being of our students and staff have always been our top priority at **GD GOENKA SCHOOL, INDIRAPURAM**. As we navigate through the ongoing challenges posed by communicable diseases, particularly in light of recent developments, we want to take this opportunity to share important information and guidelines to ensure the safety of our students.

#### Preventive Measures:

- **Hand Hygiene:** Emphasize the importance of frequent handwashing with soap and water for at least 20 seconds, especially before meals, after using the restroom, and when returning home.
- **Respiratory Etiquette:** Encourage your child to cover their mouth and nose with a tissue or their elbow when coughing or sneezing. Proper disposal of used tissues is essential.
- **Masks:** Follow the school's guidelines on mask usage. If masks are recommended or required, ensure your child has an adequate supply of clean masks and is comfortable wearing them.
- **Physical Distancing:** Remind your child to maintain safe physical distance from others, as advised by the school.

#### Symptom Monitoring:

- **Stay Informed:** Keep yourself informed about common symptoms of communicable diseases and remain vigilant for signs of illness in your child.
- **Daily Health Checks:** Perform daily health checks before sending your child to school. If your child exhibits symptoms such as fever, cough, or difficulty breathing, **please keep them at home and consult a healthcare professional.**

#### Communication

- **Prompt Reporting:** Notify the school immediately if your child has been diagnosed with a communicable disease or has been in close contact with someone who has tested positive.
- **Confidentiality:** Rest assured that any health information shared will be kept confidential and used solely for the purpose of protecting the health of the school community.

Quarantine and Medical Fitness:

- **Quarantine:** Follow school and local health department guidelines for quarantine and isolation. Consider this as the most important aspect to curtail an infection.
- **Medical Fitness:** Medical fitness certificate is to be submitted on the day of rejoining the school.

The health and safety of our school community depend on the collective efforts of all of us. Let's continue to work together to create a safe and nurturing environment for our students.

Plant a  and see it grow!

Looking forward to your kind cooperation!

Warm regards

Principal
